TAKE THE RISK OUT OF DECORATING WITH STUDIO CERAMICO'S RANGE OF TILES AVAILABLE AT CTM

When you're building or renovating, you are faced with so many bewildering choices. How do you know that the on-trend tiles you've fallen in love with now won't look outdated in a few years' time? Studio Ceramico, distributed exclusively through CTM, has everything you need to help you make the right decisions.

The designers at Studio Ceramico are inspired by a variety of settings and materials – from rustic southern Italy and the splendour of ancient Rome, to the natural beauty of sandstone and granite, and even the fine texture of silk. Their ranges of floor and wall tiles are perfectly matched with listelli and other decor insets to create beautiful looks that are either classic or more contemporary.

Among Studio Ceramico's ranges are the marble-like Tranquility, a neutral tile with a natural silky feel, and the limestone-inspired Curtis, with delicate specks and a satin finish that, unlike limestone, is non-absorbent. Both ranges work well with a variety of decor styles.

If you want the perfect tiles for your home and lifestyle, just pop in at your nearest CTM showroom.
